Dear Jeff,  
I am contacting you to continue our efforts with CLA to discuss the treated seed tag/bag statements. As I mentioned in my last e-mail in November last year (please see copy in attach), the CLA team is really pleased with the development of this initiative and we would like to keep the momentum to continue our discussions on this topic. We had a series of internal discussions and I believe that the team is ready to meet with EPA and the State teams.

Therefore, I would like to check if we could start to coordinate the next meeting of this group.

Please let me know if any of these dates would work for you. March 26 (Wednesday)

- March 28 (Friday)
- April 2 (Wednesday)
- April 4 (Friday)

If none of those work, we can postpone it for mid-April.

If you have any question or comment, please contact me.

Thank you very much for your attention and your support on this initiative.

Best regards,

**Miriam Frugis**
